**Subject:** Microsoft settlement

Dear Attorney General Ascroft,

I'm writing to ask you to accept the proposed settlement by the Department of Justice, Microsoft and nine of eighteen states which will stop wasting taxpayer's money on the decade-long competitor-driven persecution of Microsoft.

I ask that the Federal District Court determine that the proposed settlement is in the public's interest and end the waste of our money on this case. Please settle it, and be done with it.

Thankyou,  
Tammy Stambaugh
